Reversible Floor Fixings Selector Guide

WELCOME TO A WORLD OF REUSABLE FLOOR COVERINGS

Our family of reversible, detachable floor fixings cover a broad range of applications.

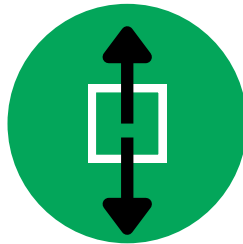

IOBAC MagTabs®

**Double-sided tabs
– magnetic on one side
and dry-tack on the other**

Use on raised metal access flooring and other magnetically receptive sub-floors

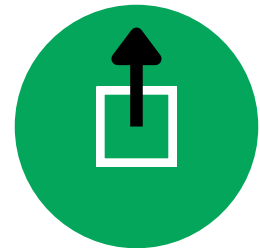

IOBAC Tab-It®

**Double-sided
dry-adhesive tab**

Use on most other common sub-floors, including concrete, plywood and as an overlay system

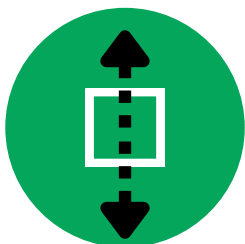

CBS 1D-Tab™

**Single-sided dry
adhesive tab**

Use for ultimate protection of high value sub-floors including marble, wood and mosaic, and floors in heritage sites and/or as a temporary overlay system.

CBS LE-Tab™

**Double-sided dry-
adhesive tab with lower
energy, weaker grab**

Ideal for use with newer, more sustainable floor coverings with lower energy backings and/or on sensitive sub-floors

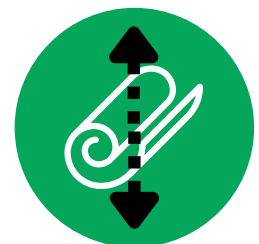

CBS Hi-Roll™

**Double-sided
dry-adhesive roll**

Use for fixing large format sheet vinyl and modular tiles

CBS Lite-Roll™

**Double-sided dry-
adhesive roll with lower
energy, weaker grab**

Use for fixing large format sheet vinyl and modular tiles onto sensitive sub-floors
